Sacred Sun Technology

2024

Sacred Sun Machinery Technology (Rizhao) Co., Ltd, established in 2019 in Rizhao, a seaside city in China, is a manufacturer and trader of garden machinery and agricultural machinery, specialized in their research and development, manufacturing, marketing and service.

Our company has a big technical team, with more than 30 senior technicians. Two of our senior technicians have received a 3rd prize from the national defence, technology and industry committee. We have successfully researched and developed a series of mini transporters, flail mowers, wood chippers, mini excavators and trenching fertilizer. Each model incorporates advanced technology to ensure its high quality and reliability

We can export to any country in the world. Our production capacity is 10000 units with simultaneous production of more than one product.
